

The Faculty of Science, Department of Psychology, Research Unit Applied Cognitive Psychology, is looking for a

Research assistant
(m/f/d, PhD position, TV-L E13, 50%, initially limited to 2 years)

Tasks

- Teaching in the amount of 2 hours per week in the fields of knowledge, communication and media psychology.
- Conception, implementation and evaluation of experimental studies in the field of applied cognitive psychology,
- Conducting of own research projects.

We **offer** a highly attractive research environment with excellent technical equipment as well as a pleasant and motivating working environment and intensive exchange within the team. We expect a university degree (diploma, master) in psychology, cognitive sciences or a related discipline, experience with experimental research and interest in research topics in the field of cognitive psychology. Methodological and statistical skills as well as a very good command of English are required. Programming skills (e.g. R, PsychoPy, Matlab) are advantageous.

The University of Tübingen aims to increase the proportion of women in research and teaching and therefore invites applications from suitably qualified female scientists. Severely handicapped persons will be given preferential consideration if they are equally qualified.

For further information, please contact Prof. Dr. Markus Huff by phone: 07071 / 979-215 or e-mail: markus.huff@uni-tuebingen.de

Applications – preferably as a single PDF – are invited **until 30.06.2020** to:

Prof. Dr. Markus Huff
University of Tübingen
Department of Psychology
direktor.psychologie@uni-tuebingen.de

Recruitment is handled by the Central Administration of the University of Tübingen.
