

The **Biological Psychology group of Prof. Dr. Bianca Wittmann at the Department of Psychology and Sports Science** invites applications for a

PhD position

in cognitive neuroscience. The position is available immediately with a flexible starting date. In agreement with current regulations, the **position is on the TV-H E13 scale (50 %)** for public employees.

Scientific employees are – unless the allowed maximum duration of a temporary employment is exceeded – generally employed for an initial duration of 3 years with a possibility of extension for an additional 2 years, if the above-mentioned requirements are fulfilled.

The candidate will be expected to contribute to research on the interaction of motivational and perceptual factors on category learning and reward learning and to teaching in biological psychology according to the teaching regulations of Hesse. The department offers an **on-site research-dedicated 3T MRI scanner**. The successful candidate will collect and analyse fMRI data, present the results at scientific conferences and write scientific papers.

We are looking for highly motivated candidates with a Master's degree (or equivalent) in neuroscience, psychology, biology or a related field who have a strong interest in cognitive neuroscience and the ability to work independently. We expect basic programming skills and proficiency in English; prior experience with fMRI is of advantage.

Justus Liebig University, Giessen seeks to support women in scientific research. Therefore we strongly encourage women to apply for the available position. As a family friendly institution of higher education, Justus Liebig University, Giessen, welcomes applicants with children.

Please send your application (CV, transcripts or degree certificates, a brief statement of research interests and contact details of two referees) by **June 18th, 2020** stating the **application number 326/06**, by e-mail to sekretariat-bio@psychol.uni-giessen.de (CC: bianca.wittmann@psychol.uni-giessen.de) as a single pdf file.

Preference will be given to disabled applicants with equal qualifications.
