

The Institute of Medical Psychology and Medical Sociology, University Medicine Göttingen, seeks an experienced

Psychologist (Habilitation/ PhD/Dr./MSc) (f/m/d)

initially limited to 2 years, fulltime | salary according
to TV-L

The University Medical Center Göttingen is a tertiary care center and offers great development potential. Its 7,900 employees work in over 65 departments and facilities to provide top-quality patient care, excellent research and modern teaching. Göttingen, "City of Science", located near the center of Germany, the University Medical Center Göttingen is embedded in the city's attractive network of scientific research facilities.

We seek an experienced Psychologist for our outcome research (esp. health-related quality of life (HRQOL), neuropsychological, psychosocial) in adults, elderly and children after traumatic brain injury (dementia and other diseases). The successful candidate should have excellent statistical knowledge (psychometric – classical and modern methods, psychometrics), as well as experience in handling large data volumes. Command of SPSS and R is indispensable, and M+ etc. desirable. Solid history of publishing and conduct of complex studies are important. Experience in acquisition of funding is beneficiary. Proficient use of the English language is mandatory.

The successful candidate may lead an important part of an international study on pediatric HRQOL, guide the psychometric development of a new QOL instrument in children and adults or reinforce our analyses and writing team concerning results of the EU-Center-TBI study on outcome in adult TBI.

Excellent proficiency in English (publications and international cooperation) and excellent German is vital, as the position requires teaching at the University Medicine Göttingen and cooperation in national and international research consortia. We initially offer a two-year contract. Please state "201902" in your application.

Men are especially encouraged to apply. Applicants with disabilities and equal qualifications will be given preferential treatment.

We look forward to receiving your application by **December 1st, 2019**:
